EDUCATION

IILM University, Gurugram **2025 - 2029 (Expected)**
Bachelor of Technology in Computer Science & Engineering (Student ID: 2581008) **Sem 2 SGPA: 9.32 | CGPA: 8.89 / 10.0**
- **Academic Standing:** Achieved 5 A+ Grades in Semester 2 (Applied Calculus, Quantum Physics, Environmental Science).
- **Core Coursework:** Straight Grade A in Data Structures & Algorithms, DSA Lab, C Programming, and Python. Grade A+ (10.0) in Applied Linear Algebra; Grade A in Digital Electronics & Computer Organization.

Gurugram Public School, Gurugram **2024**
CBSE Senior Secondary Examination (Class XII - Physics, Chemistry, Mathematics) **Aggregate: 92.4% (462/500) - Straight A1s**
- **Key Subject Scores:** Informatics Practice: 98/100 (A1), English Core: 93/100 (A1), Chemistry: 93/100 (A1), Physics: 91/100 (A1).

Gurugram Public School, Gurugram **2023**
CBSE Secondary School Examination (Class X) **Computer Application: 100/100 (Grade A1) - 92.2% Best 5**

EXPERIENCE & INTERNSHIPS

Ramakirti Foundation (80G / 12A Certified Non-Profit) **July 2026**
Full-Stack Engineering & Social Impact Intern **Summer Post-Freshman Internship**
- Engineered interactive web components, responsive frontend layouts, and donor workflows for the official portal under direct supervision of the Director.
- Implemented client-side input validations, modular interface elements, and optimized cross-device mobile accessibility.
- Awarded official Certificate of Completion with formal commendation from Director for dedication and quality delivery.

IILM University Physical IoT Lab **Spring 2026**
Smart Inventory & Telemetry Engineer **Campus Lab Infrastructure**
- Designed hardware audit logging platform to track physical microcontrollers (ESP32, Arduino Uno), sensor kits, and apparatus.
- Eliminated manual equipment tracking overhead and provided real-time component availability telemetry.

KEY ENGINEERING PROJECTS

MockMaster - AI Mock Interview & Candidate Assessment Platform **Python, FastAPI, LLMs, React**
Flagship University Placement Initiative **Commissioned by University Leadership**
- Architected automated placement interview simulation platform to evaluate engineering student readiness.
- Engineered dynamic technical question generation tailored to candidate target roles (DSA, C, Full-Stack, Systems).
- Designed candidate response parsing pipelines with structured rubric scoring across technical depth and clarity.

Smart Eco-Hydration & E-Waste Soil Telemetry Monitor **Arduino Uno, C++, Sensors, HDD Upcycling**
Award Winner: 3rd Position in University Innovation Challenge **CoE Robotics & Automation**
- Engineered closed-loop automated plant irrigation system by upcycling electronic waste (repurposed computer HDD chassis).
- Integrated HC-SR04 ultrasonic reservoir level telemetry with calibrated soil moisture conductivity detection.
- Awarded 3rd Position by Dean Dr. Bhawna Mallick and Convener Dr. Puja Acharya at the annual Engineer's Day competition.

Geo-CashWatch - Mule Network & ATM Cash-Out Interception **FastAPI, Kafka, Redis Geospatial, Docker**
Smart India Hackathon (SIH 26184) **Ministry of Home Affairs (I4C)**
- Architected real-time streaming pipeline processing synthetic ATM cash withdrawal event streams through Apache Kafka.
- Implemented sub-second geospatial proximity clustering in Redis to flag coordinated mule withdrawals across urban ATM clusters.
- Containerized multi-service backend with Docker Compose and Kubernetes deployment manifests.

Smriti Saathi - Cognitive & Memory Companion **React Native, FastAPI, SQLite**
Smart India Hackathon Project **Healthcare AI Track**
- Engineered assistive mobile application supporting individuals with mild cognitive impairment and elderly relatives.
- Built daily routine trackers, memory anchors, and automated family caregiver alerts backed by secure FastAPI endpoints.

TECHNICAL SKILLS

Languages & Core: C (Pointers, Dynamic Memory, Structs), C++, Python, JavaScript (ES6+), SQL, Data Structures & Algorithms.
Systems & Embedded: Arduino Uno, ESP32 Microcontrollers, Sensor Interfacing (Ultrasonic, Soil Moisture), Telemetry Auditing.
AI & Web Engineering: FastAPI, React, RESTful APIs, Prompt Engineering & LLM Pipelines, HTML5, Semantic CSS.
DevOps & Infrastructure: Git, GitHub, Linux Shell, Docker Containerization, Redis Geospatial, Apache Kafka.

HONORS & VERIFIED CERTIFICATIONS

- **3rd Position (Podium Finish):** Engineer's Day Innovation Challenge (Best Out of Waste, 15 Sep 2026), Center of Excellence in Robotics & Automation, IILM University & MoE IIC.
- **NPTEL Elite Certification:** IIT Kharagpur & Ministry of Education (SWAYAM) in Environmental Science (12-week course, 4 recommended university credits, Roll: NPTEL26HS120S955500225).
- **IBM SkillsBuild (Generative AI):** Certified in foundation models, LLM architectures, and prompt design (Completed July 2026, Credential ID: PLAN-BAEFCCAAD520).
- **Cyber Security Awareness:** Data Security Council of India (DSCI) & MyGov (Cert ID: 8834963249).
